4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations - FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission's public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

speed and data usage allowances available in the

relevant geographic area.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband Name of Attached Document Listing Required Information

(510) Service Quality Standards and Consumer Protection Rules Compliance

Matanuska Telephone Association, Inc. provides service as specified in 47 CFR § 54.101(a), specifically the company provides:

- Voice grade access to the public switched network.
- Minutes of use for local service provided at no additional charge to end users.
- Access to the emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911, to the extent the local government in an eligible carrier's service area has implemented 911 or enhanced 911 systems.
- Toll limitation services to qualifying low-income consumers.

The company meets service qualifications as specified in the Alaska Administrative Code at 3 AAC 53.450, specifically the company provides:

- At least one business office, with toll-free calling, staffed during the Regulatory Commission of Alaska's business
 hours, to provide customers with access to personnel who can timely provide information on services and rates,
 accept and process service applications, explain and adjust bills, and generally represent the carrier.
- Consumer complaint procedures in an easily accessible location on the company website.

The company meets service qualifications as specified in the Alaska Administrative Code at 3 AAC 53.265, in summary the company provides:

- Adequate, efficient, and safe facilities-based essential retail and carrier-to-carrier telecommunication services of similar quality through its carrier of last resort area.
- Does not allow any diminution of quality or availability of essential retail and carrier-to-carrier telecommunication services throughout its carrier of last resort area.

The company complies with 47 CFR § 64.2009 and:

- Has implemented a system by which the status of a customer's CPNI approval can be clearly established prior to the use of CPNI.
- Maintains a manual detailing proper treatment of CPNI and continues to train all employees according to the manual and enforce a discipline policy.
- Reviews policies and procedures annually and a company officer certifies to compliance.

The company complies with the Red Flags Rule and has developed, implemented and continues to administer an Identify Theft Prevention Program. This includes:

- Identifying likely identity theft red flags.
- Detecting likely red flags during operations.
- Acting to prevent and minimize harm when red flags are detected.
- Maintaining the red flag program through internal review and training.

(610) Functionality in Emergency Situations -

Matanuska Telephone Association, Inc. (MTA) provides service as specified in 47 CFR § 54.202(a)(2). The company has engineered and built its network to remain functional in emergency situations. MTA operates 11 central offices with a total of 4 voice switches serving its customers. Each central office has backup power to cover in excess of 8 hours. Additionally MTA operates over 200 small equipment sites which each have 8 hours of backup battery capacity. Critical sites have standby generators. MTA maintains mobile generators to deploy to sites in the case of extended power outages. MTA has redundant facilities between most of the central offices and significant capacity to manage most emergency situations. With the exception of very remote central offices MTA has at least 2 paths between offices and to the IXC's.

(920) Tribal Government Engagement Obligation

There are five federally recognized tribes in Matanuska Telephone Association, Inc's (MTA) service area. During 2016 MTA attempted to engage with these Tribal governments by mailing a certified letter to each Administrator, and placing a follow-up call to each office after the letter was delivered. One Tribe agreed to a meeting. MTA met with representatives of Chickaloon Native Village. At this meeting participants discussed:

- A needs assessment and deployment planning with a focus on community anchor
 institutions. Tribal administrators were invited to inform the company what
 improvements or new services the Tribes identified as important to their members. The
 Tribe thanked us for extending fiber and 1 Gig Internet service to their clinic and offices.
- Feasibility and sustainability, specifically potential sources of funding for additional services that they felt would be useful. Both the Tribal and the company representatives acknowledged the difficulty in acquiring funding to deploy new services but agreed to communicate if potential resources are identified. MTA indicated our willingness to support any projects that the Tribe may want to develop with future fiber optic cable construction, once plans were developed.
- The company's marketing efforts. The tribe offered no comments regarding any MTA marketing. Appreciation was expressed for our Account Executive that works with the Tribe for her follow up regarding their services and any questions that they had.
- Reviewed the Tribe's rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes. Questions regarding how plant was being routed in their area were addressed. MTA was found to be in compliance with any applicable requirements. We also emphasized that whatever route choices were made will not result in additional charges to customers for service.
- Compliance with Tribal business and licensing requirements. MTA inquired whether any compliance is lacking and invited feedback from the Tribe.

Attached is a picture of the participants from the meeting discussed above. We also have a copy of the Template for the Tribal Engagement Letter that was sent to the Chickaloon Village Traditional Council, Knik Tribal Council, Cantwell Native Council, Native Village of Eklutna and the Native Village of Tyonek in 2016. We are also providing the certified mail numbers, date the letter was sent and when it was signed for.

President, Tribal Administrator, Tribal Government Address City, State Zip

Dear:

We would like to invite you to meet with Matanuska Telephone Association, Inc (MTA) to discuss the needs of your community regarding telecommunications services. To stay in compliance with FCC rules, carriers like MTA need to engage Tribal governments in discussions related to telecommunications services provided to people living on tribal land. These rules are intended to facilitate and support connectivity to modern telecommunications services in remote areas of our nation.

We welcome this opportunity for tribal engagement and invite you to meet with MTA to discuss the needs of your community. Please contact myself, Lauren Driscoll at 761-2434 or ldriscoll@mta-telco.com at your convenience with any questions or for scheduling information.

Sincerely,

Lauren Driscoll
Director, Community Development

(1210) Terms and Conditions of Voice Telephony Lifeline Plans

Matanuska Telephone Association, Inc. offers Lifeline service to qualified customers under the rules established by the Federal Communications Commission and the Regulatory Commission of Alaska. Lifeline subscribers purchase the company's local, residential Individual Access Service for \$13.20 per month, to which federal and state Lifeline credits are applied, reducing the customer's bill. Lifeline customers receive unlimited local usage and toll restriction service. If the subscriber requests toll access they may subscribe to the long distance carrier of their choice and enroll in any long distance calling plan offered by their chosen carrier. Terms and conditions of residential Individual Access Service and Lifeline Service are detailed in RCA Tariff No. 19 sheets attached and at https://www.mtasolutions.com/wp-content/uploads/2017/05/MTA-Local-Tariff-12.02.16.pdf.

Terms and conditions for enrollment in the Lifeline program are more fully defined in the "Lifeline and Link-up Assistance Program Application" found at https://www.mtasolutions.com/wp-content/uploads/2017/05/Lifeline-Linkup-Application-7.pdf.

REPORT OF INDEPENDENT AUDITORS

Board of Directors Matanuska Telephone Association, Inc.

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Matanuska Telephone Association, Inc. and its subsidiaries, which comprise the consolidated balance sheets as of December 31, 2016 and 2015, and the related consolidated statements of operations, comprehensive income (loss), members' equity, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate for the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

REPORT OF INDEPENDENT AUDITORS (continued)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Matanuska Telephone Association, Inc. and its subsidiaries as of December 31, 2016 and 2015, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.
